his Top Ten wines of the year to date

Clare Valley 2006 Riesling

“Right up front, I'll say this isn't a riesling for everyone. It's extremely austere, with acidity so sharp you could shave with it. Those acids back up a veritable basket of bright fruit – apricots, melons, lemons and peaches, all bearing mineral highlights.

Though the winery sees the wine as an aperitif, I think it's more at home with food, particularly lighter seafood.”
